## Genetically Modified Organisms

### Activity Overview

Students will:

1. Watch "Harvest of Fear" video and take notes.
2. Research specific question about "Genetically Modified Organisms"
3. Organize main ideas into a Wordle™ slide.
4. Complete and turn in a Works Cited Page of sources used.
5. Through the presentation and explanation of the slide, attempt to persuade the class to agree with their research information.

### Specific Research Questions:

Each student or student group will be assigned **ONE** of the following questions. Each student or student group will be assigned to defend the **YES ARGUMENT** or the **NO ARGUMENT**.

1. Are GMOs safe to eat?
2. Have scientists gone too far in tampering with nature?
3. Do GMOs damage the environment?
4. Do we need GMOs to feed the world?
5. Are GMOs worth the risk?
6. Are the biotech companies that are creating GMOs gaining too much power over people?
7. Are GMOs helping farmers around the world?
